

**PRECISE Chlorinated Sanitizer Tablet**

Safety Data Sheet (Page 1 of 4)

Date prepared: 01-15-2016

Supersedes: 03-26-2014

(Brand: WestfaliaSurge)

**Section 1: Chemical Product and Company Identification:**

Material Identity:

Product Trade Name: PRECISE Chlorinated Sanitizer Tablet

Chemical Name: Not applicable, mixture.

Generic Identification: Chloroisocyanurate.

Company:

Distributed by: GEA Farm Technologies, Inc.  
1880 Country Farm Drive  
Naperville, IL 60563 U.S.A.

Phone Numbers:

EMERGENCY: 1-877-741-1032 (24 hours a day, 7 days a week).

Business: 1-630-548-8832

**Section 2: Hazard Identification:**

GHS Classification: Category 4 ACUTE TOXICITY, ORAL  
Category 2A EYE IRRITATION  
Category 3 SPECIFIC TARGET ORGAN TOXICITY (SE)  
Category 1 ACUTE AQUATIC TOXICITY  
Category 1 CHRONIC AQUATIC TOXICITY

GHS Label Elements:

Signal Word: Danger Symbol:

Hazard Statement: Harmful if swallowed. Causes serious eye irritation. May cause respiratory irritation. Toxic to aquatic life with long lasting effects.

Precautionary Statement:

Prevention: Wear protective gloves. Wear eye or face protection. Wear protective clothing. Wash hands thoroughly after handling.

Response: If in eyes: Flush with large volumes of water for at least 15 minutes. Call a physician immediately.  
If Swallowed: DO NOT induce vomiting. Rinse mouth promptly, then give small amount/glass of water (4-6oz. adult). Avoid alcohol. Call a physician immediately. DO NOT give anything by mouth to an unconscious or convulsing person.  
If on Skin: Flush with large volumes of water for at least 15 minutes while removing contaminated clothing and shoes. If irritation develops and persists, get medical attention.  
Inhalation of Vapors: If breathing difficulty or irritation occurs, remove to fresh air. If symptoms persist, get medical attention.

**PRECISE Chlorinated Sanitizer Tablet**

Safety Data Sheet (Page 2 of 4)

Date prepared: 01-15-2016

**Section 3: Composition and Information on Ingredients:**

Component	CAS Number	Percent (Wt/Wt)
Sodium dichloro-s-triazinetriene dihydrate	51580-86-0	99-100

This is not intended to be a complete compositional disclosure. The criteria used for listing components in this section are as follows:

- Carcinogens are listed when present at 0.1% or greater.
- Components are listed when present at 1% or greater if they are considered hazardous by either OSHA(29CFR), EPA(40CFR), or DOT(49CFR) and if they maintain their chemical identity in this product and/or contribute to the hazards of this product.

**Section 4: First Aid Measures:**

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If Swallowed: Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

Inhalation of Dust: Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. Get medical attention.

Note to physician: Probable mucosal damage may contraindicate the use of gastric lavage.

FOR ASSISTANCE WITH MEDICAL EMERGENCY (24 hours a day, 7 days a week),  
CALL: 1-877-741-1032

**Section 5: Fire Fighting Measures:**

Flash Point(test method): Not applicable.

Flammable Limits: Upper-not applicable; Lower-not applicable.

Extinguishing Media: Water. **Do not use ABC dry chemical extinguishers.** Use water spray to cool containers exposed to fire and massive quantities of water on material involved in fire.

Special Fire Fighting Procedures: Where there is potential for exposure, wear impervious clothing and self-contained breathing apparatus.

Unusual Fire & Explosion Hazards: Excessive heat may liberate chlorine gas.

**Section 6: Accidental Release Measures:**

Spill Response: Keep spills out of sewers and open bodies of water. Use clean, dry dedicated equipment.

Shovel and sweep up spilled material. Place in labeled containers to await disposal.

Waste Disposal Method: Refer to Section 13.

**Section 7: Handling and Storage:**

Handling: Use good industrial hygiene and safety practices(see Section 8).

Storage: Store in a dry, cool and well-ventilated area. Avoid moisture getting into container. After each use, keep container tightly closed.

NOTE: Since emptied containers may retain product residue all hazard precautions given in this data sheet should be observed.

Safety Data Sheet (Page 3 of 4)

Date prepared: 01-15-2016

### **Section 8: Exposure Controls / Personal Protection:**

These recommendations provide general guidance for handling this product. Because specific work environments and material handling practices vary, safety procedures should be developed by the user(s) of this product. Consult with the manufacturer or supplier of your safety equipment in order to determine the specific type of equipment appropriate for your use/application of this product.

#### Exposure Guidelines:

Exposure limits for this product: None have been established.

Exposure limits for components of this product:

See note below regarding particulates.

Note: OSHA and ACGIH have established limits for particulates not otherwise regulated (PNOR) and particulates not otherwise classified (PNOC) which are the least stringent exposure limits applicable to dusts.

OSHA (PNOR) PEL	ACGIH (PNOC) TLV
15mg/m <sup>3</sup> (total dust) TWA	10mg/m <sup>3</sup> (inhalable) TWA
5mg/m <sup>3</sup> (respirable) TWA	3mg/m <sup>3</sup> (respirable) TWA

#### Eye Protection:

Safety glasses or goggles based on anticipated exposure.

#### Skin Protection:

Gloves and protective clothing/equipment as necessary to avoid contact.

Both durability and resistance to permeation must be considered.

#### Respiratory Protection:

Use NIOSH/MSHA approved respiratory protection equipment based on actual or potential airborne concentrations. See previous paragraph in this section concerning exposure limits.

#### Ventilation:

Use local exhaust ventilation or other engineering controls to keep airborne levels below recommended exposure limits.

---

### **Section 9: Physical and Chemical Properties:**

Appearance: White powder tablet.

Odor: Chlorine.

pH: 6.0-6.5 (1% solution).

Viscosity at 25°C: Not applicable.

Specific Gravity at 25°C (water=1): Not applicable.

Density (powder products): Loose = No data found.

Packed = No data found.

Solubility in Water: 29% at 30°F.

Percent Volatile by Weight: None established.

Boiling Point: Not applicable.

Evaporation Rate (butyl acetate=1): Not applicable.

Vapor Pressure (mm Hg.): Not applicable.

Note: The above properties are typical values and are not to be construed as a guaranteed analysis for any specific lot or as specifications for the product.

### **Section 10: Stability and Reactivity:**

Stability: Stable.

Hazardous Polymerization: Will not occur.

Incompatibility: Oxidizing materials, nitrogen containing compounds, and dry fire extinguishers containing mono-ammonium phosphates.

Hazardous Decomposition Products: Nitrogen trichloride, chlorine, and carbon monoxide.

**PRECISE Chlorinated Sanitizer Tablet**

Safety Data Sheet (Page 4 of 4)

Date prepared: 01-15-2016

**Section 11: Toxicological Information:**

Numerous study results available. Contact supplier.

**Section 12: Ecological Information:**

No data found.

**Section 13: Disposal Considerations:**

Dispose of in accordance with all applicable laws and regulations. Consult with appropriate regulatory authorities to determine exact classification of waste.

**Section 14: Transport Information:**

U.S. Department of Transportation (DOT) Regulations (49CFR):

Hazard Class: Not applicable-not regulated

Proper Shipping Name: Not applicable-not regulated.

Reportable Quantity (RQ): Not applicable-not regulated.

Canadian Transportation of Dangerous Goods (TDG) Regulations:

Identical to U.S. DOT above.

International Maritime Dangerous Goods (IMDG) Code:

Identical to U.S. DOT above.

International Air Transport Association (IATA) Dangerous Goods Regulations:

Identical to U.S. DOT above.

**Section 15: Regulatory Information:**

California Proposition 65:

There are no detectable components of this product which are listed substances or belong to classes of substances, known to the State of California to cause cancer and/or reproductive toxicity.

Other: Contact manufacturer if you require further regulatory information.

**Section 16: Other Information:**

Reason(s) for revision: SDS Format, Changes in Section(s) 1, 2, 8, and SDS format.

Disclaimer:

The information contained herein is based on data available to us and is believed to be correct. Since this information may have been obtained in part from independent laboratories or other sources not under our direct supervision, no representation is made that the information is accurate, reliable, complete or representative and Buyer may rely thereon only at Buyer's risk. We make no guarantee that the health and safety precautions we have suggested will be adequate for all individuals and/or situations involving its handling and use. No warranty is expressed or implied regarding the accuracy of these data or the results to be obtained from the use thereof.

We make no guarantee or warranty of any kind that the use or disposal of this product is in compliance with all federal, state or local laws. It is the obligation of each user of the product mentioned herein to determine and comply with the requirements of all applicable statutes.

Vendor assumes no responsibility for injury to vendee or third person proximately caused by the material if reasonable safety procedures are not adhered to as stipulated in this data sheet.
